FROM ONE SOURCE

A COMPANY WITH TRADITION, EXPERIENCE AND FLEXIBILITY

APA-KANDT GmbH is successful in Eastern European market since 1968.

Excellent relations in engineering and trade with Eastern Europe are a result of our business activities. With our experienced and competent engineers and business people we realize projects for pulp and paper industry as well as for machine building.

We cooperate with well-known industrial enterprises. Further to our engineering works we also realize with our agencies initial equipment as well as spare parts acquisition of machines and plants. We guarantee competent solutions at attractive prices.

With our local representatives in Czech Republic, Slovak Republic, Poland, Russia, Ukraine and Indonesia we offer local and linguistic customer proximity when realizing our projects.

OUR PARTNERS
